

Did you know . . . on reminders and resources Nov 5, 2012

1...that the 409th CSB Policy on PCF states that all FY13 contracts shall be input into PCF? Yes! This means any contract awarded this FY (13) regardless of the solicitation date. I checked PCF and saw a lot of actions input for RCO Benelux and TCC. Kudos to you!!

2...that you may find an additional resource for IGCEs in the 409th CSB webpage at <http://www.409csb.army.mil/>? It is the ACC Contract File Internal Control Requirements for IGCE Desk Book. It has been in our website for a while but maybe you have not noticed it yet!

3...that there is a new revision to the ACC Desk Book dated May 2012? See attached for your convenience. Soon to be uploaded in the 409th CSB website.

4...that you may access the ECC and ACC Share Points from this weblink <https://acc.aep.army.mil/default.aspx>? Note that you may have to select the "DoD E-mail" certificate to access it. You may also access the Share Points through our website by selecting "Army Contract CMD Policies" from the Policy and Procedures Tab.
